

Dance the summer away

By Thomas Dance Studio

Warm weekends. Delicious ice cream cones. Pool days. These are all things that come to mind when we hear the word "summer!" At Thomas Dance Studio, we love all of those summer moments too, but we also get super excited to plan our very special Summer dance camps and classes!

Summer is a special time for us, as we love to create magical themed camps for our Petites (Ages 6 & under) that will excite and delight our youngest dancers! Dancers will enjoy multiple genres during each camp all taught with loving care by our experienced and enthusiastic teachers.

We have also created high energy and fun camps and classes for our elementary dancers that your dancer is sure to love. For the kid who loves to flip, we offer one day tumbling clinics that will help them reach new heights in their gymnastics training!

The Thomas Dance Studio is thrilled to have a thriving summer program for our teens each year! From Hip Hop to Musical Theatre to Contemporary and more, your dancer can really focus on what they want to improve on or try something completely new.

That's not all! The Thomas Dance Studio Summer Program also offers a dynamite boys only Hip Hop class! They have a blast breaking it down with cool Hip Hop moves.

No matter what your child's age or level, summer is the perfect time to create, explore and learn with our fabulous classes and camps. We would love to have you join our dance family this summer!

Volunteer to support moms and nurture babies

By NurturePA

At NurturePA, volunteer mentors support moms during the first three years of her baby's life -- all through an innovative text messaging program. We use our custom developed software to connect volunteer mentors with moms so that they leave the hospital with support already in their pocket.

When a mother is supported, she's better able to nurture her baby. And nurtured babies are babies who thrive.

As a volunteer mentor, you can make a major difference in the life of a mom and her new baby in as little as 1-2 hours a week. It's a remote opportunity, so you can do it from anywhere you have a wifi connection.

Every day our volunteer mentors are offering support, guidance, encouragement, resources and more to help new moms along their parenting journey.

If you want to support other moms via technology at times that fit into your own busy schedule, then check out NurturePA online (nurturepa.org) and follow us on Facebook (facebook.com/nurturepa). Being a NurturePA mentor is fast, flexible and fulfilling.

Together we can promote infant mental health and early literacy by supporting our fellow moms. Parenting can be hard. Let's make sure no mom ever feels alone on her parenting journey.

Visit nurturepa.org to start the volunteer mentor application process or to support the important work our mentors are doing by making a donation. Either way you are making a difference in the lives of new moms and their babies — and we sincerely appreciate it.

Thank you for joining us in our mission to support moms and nurture babies!
